

Dear Stan-

Thanks for your letter about Stocker. As a matter of fact, I have seen and am very well impressed with his work , which happens to fit rather closely to some of the things we have been doing lately. On the basis of your tip, I intend to try to get him to come to work here for a while. Vet. Sci. will be moving out within a year, which should leave some additional space.

Too bad about the Brussek Sprouts. Best regards to yourself and Mrs. K.,

Sincerely,

Joshua Lederberg
